

TOE KICK CONNECTORS

SAVE ASSEMBLY TIME

Tenn-Tex Plastics has designed The Simple Solution for Toe Kick Applications. Toe Kick Brackets stabilize and strengthen the Toe Kick Area of the cabinet. Installing the brackets is a straightforward process.

First, staple the Toe Kick Brackets to the bottom of the cabinet structure on the left and right side, then insert the Toe Kick Board and staple to the bracket. Tenn-Tex Plastics manufactures these brackets in 4- and 4.5-inch heights.

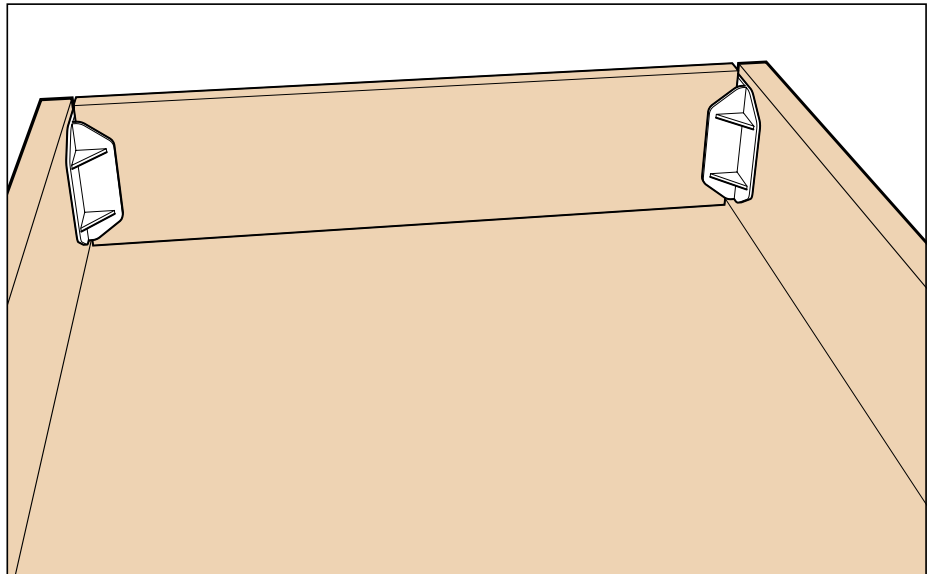

All materials ©2024 TennTex Plastics • We recommend test fitting to ensure proper function • Products in this brochure are Patented or Patent Pending.
